

NAVIGATION NOTICE

RIVER: River Cam (Great Ouse system)

DATE OF ISSUE: 23rd June 2009

LOCATION: Bottisham Sluice & Bottisham Pumping Station (near Bottisham Lock)

DETAILS

Please be aware that divers will be carrying out inspections at the above locations on **Wednesday 24th and Thursday 25th June 2009**. The locations of the work does not affect the navigation channel, this is just for your information only.

A safety boat will be used and positioned between the divers and the navigable channel, signage will be deployed and existing physical barriers will be used to segregate divers from any possible conflict with boat traffic. Water levels may be slightly altered on the day of the inspections to ensure safe working conditions for the divers, but we do not anticipate that this will cause any inconvenience to waterways users.

For further information please call the Environment Agency on 08708 506 506 between 9am and 5pm (Mon – Fri) and ask for the Waterways Team in the Anglian Region.

The Agency regrets any inconvenience caused.

**Irven Forbes
Waterways Manager, Anglian Region**
